

# About Us

Xcelerated Excellence Consulting LLC (X|E), founded in 2018, specializes in custom consultancies for educational leaders and organizations. Our mission is to provide value-added services. A core focus of our works is to support the education professional in fostering greater equity for historically underrepresented, marginalized, and under-resourced student communities.

## Xcelerated Excellence

[xeconsulting.org](http://xeconsulting.org)

### Our Team

Comprised of dedicated professionals from P-12 and higher education communities, we use project management and design thinking principles to drive value for our clients. Our consultancies are people-centered, enhancing professional learning.

### Our Philanthropy

We believe in giving back. A portion of our annual proceeds is dedicated to academic scholarships, contributing to the growth and development of future leaders in the education profession.

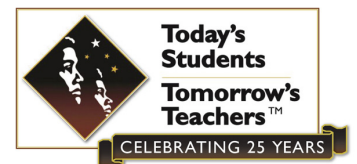

### Our Services

- Strategic planning and problem-solving tailored to navigate challenges and drive success.
- Continuous improvement expertise in assessment, quality assurance, accreditation, and improvement sciences.
- Professional development empowering leaders, individuals, and groups for personal growth for organizational excellence.

### Client and Collaborators

Our impact extends across the continental United States and beyond. Join a community of higher education institutions, school districts, and organizations committed to excellence.

Achieve excellence with X|E. Contact us for customized consultancies that make a difference.
